RIDING
ESTABLISHMENT

We can offer you residential accommodation, overlooking the stables and the horses' fields. We encourage you to help care for the horses and ponies as well as ride. Our aim is to improve your riding skills and knowledge, while having a good time. Lessons are available. However, we tend to put the emphasis on hacking out, as most people seldom get the opportunity to learn and ride in such fantastic countryside.

A variety of hats and boots are available for use at the stables.

Holidays normally run from Sunday about 1.30 pm to Saturday 12.30 am giving you the opportunity to ride both days however we can adapt this to fit in with any requirements you may have. Please note there is an extra charge for an extra night

Weekly rates are £500. This is fully inclusive of riding, meals and accommodation. A deposit of 25% is payable on booking and the balance is payable two weeks before the start of the holiday. Please take out holiday insurance (as you would with any holiday) as the money is **not** refundable.

Should you require any further information please give us a ring, we will be only too happy to answer any questions or concerns you may have.
